

Empowering Australians to live healthier at every stage of their life

VIATRIS is a new kind of global healthcare company, committed to providing access to medicines, advancing sustainable operations, developing innovative solutions and leveraging our collective expertise to improve patient outcomes. Formed in 2020, Viatris brings together best-in-class scientific, manufacturing and distribution expertise with proven regulatory, medical and commercial capabilities to deliver quality medicines to patients when and where they need them.

Our mission

At Viatris, we see healthcare not as it is, but as it should be. We act courageously and are uniquely positioned to be a source of stability in a world of evolving healthcare needs.

Viatris empowers Australians to live healthier at every stage of life.

We do so via:

Access

Providing high quality trusted medicines regardless of geography or circumstance

Leadership

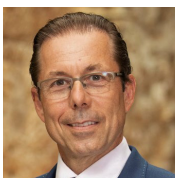

Advancing sustainable operations and innovative solutions to improve patient health

Partnership

Leveraging our collective expertise to connect people to products and services

Our leaders

Our seasoned executive management team brings decades of expertise, knowledge and strategic vision to Viatris Australia. Together with our dedicated and talented workforce, our leadership team is committed to increasing access to medicine for patients in Australia.

Creating better value

for all stakeholders while addressing unmet needs.

Committed to Corporate Social Responsibility

Patient health

At Viatris Australia, we routinely provide patient support in form of educational programs, support materials, starter kits and other educational literature

Employee health

Viатris Australia offers a range of employee health programs covering both physical and mental health to promote a healthy, productive, and positive work environment

Community health

We continuously work towards supporting education, community health programs and expanding access to medicine thereby enhancing the quality of life

Environmental health

We are committed to reducing our environmental footprint through policies and procedures that minimize our impact on the planet

Global public health

Viатris Australia advocates for responsible public policy that advances education, prioritises patient health and reduces barriers to access to medicines
